WORK EXPERIENCE

Media and Design Intern | Church on the Queensway
May 2021 - Present

Currently a media and design intern, part of the tech department. I specialize in projection, live-streaming, and designing elements for both online and in-house content. I develop weekly digital content for services, utilizing Adobe Photoshop and Final Cut Pro. In addition to working with different tools to create content, I work on projection, testing and resolving equipment issues.

Designer and Content Writer | REWOLF
August 2021 - Paused

I am part of a team looking to launch a flower boutique, working specifically on the digital aspect of the project. I am working on creating user flows, wireframes, prototypes for a responsive web design. Using Figma, I am in the process of firstly designing a mobile version of the site, tailoring it to meet the findings of user research and purpose of site.

Teaching Assistant | University of Toronto
January 2020 - Present

Assisting Professor in academic integrity, developing evaluations, grading tests, creating and presenting training materials for new Teaching Assistants. Working alongside a team of 26 individuals virtually to ensure successful management of the grading of 1000+ students.

EDUCATION

Specialist | Digital Enterprise Management
Minor | Professional Writing and Communication
2018 - Present | Dean's List Scholar
